

2023

Patients Involvement in Quality and Safety Research

26 SEPTEMBER

From 16:00 to 18:00 CET

Learning objectives:

1. Share the benefits achieved in the involvement of patients in patient safety research in the current course of the projects.
2. Discuss the methodological challenges being presented and the actions to face them.
3. Promote recommendations at different levels to encourage and make the involvement of patients more effective.
